TE  Y
BEAR FUND

Every morning, thousands of children and youth
across Canada wake up without the comfort
or consistency of home. No steady support.
No safe place to land. No one to count on.

The Teddy Bear Fund is about turning generosity into presence—the simple but profound act of being there when a child needs someone most.

Timely when crises arise. Essential where outcomes matter most. Dependable through the hardest moments. Dynamic as needs evolve for a single child or a generation. The Teddy Bear Fund is powered by you, being there when it matters.

The Teddy Bear Fund enables Children's Aid Foundation of Canada to meet urgent needs and advance its four impact priorities:

Education:

Being there to help them stay in school and reach their potential

Employment:

Being there as they build skills for their future

Mental Health and Well-being:

Being there with support through their hardest moments

Strong Families and Lifelong Connections:

Being there to strengthen bonds that last

Give children and youth
in care support they can
count on and comfort
they can hold onto.

The Teddy Bear Fund delivers impact for children and youth today while building an endowment that ensures support will be there tomorrow and always.

It powers the Children's Aid Foundation of Canada's delivery of our national impact priorities, providing the resources, people, programs, and support where investment makes the greatest difference in the lives of children and youth in and from care.

Without a steady presence through their lives, research shows these kids in care are:

- **More likely to drop out of school**
- **At higher risk of incarceration**
- **Prone to mental health struggles**
- **Vulnerable to addiction**
- **At risk of homelessness**
- **More reliant on government assistance and statistically earn less lifetime income**

“I believe there are four words more powerful than ‘I love you,’ and those are ‘I’m here for you.’”

— former youth in care and recipient of support from Children’s Aid Foundation of Canada

By becoming a Teddy Bear Guardian and establishing a named endowment fund, you can create lasting presence for children and youth from the most isolating circumstances – today and for generations to come.

An endowment fund is a permanent source of support. Your gift is invested, and the annual earnings contribute to life-changing programs for young people involved in the child welfare system. Your legacy lives on – reflecting your values, inspiring others, and helping children and youth in care reach their full potential.

Why Invest in a Teddy Bear Fund Endowment?

Sustained Presence: Your support is always there, growing stronger each year

Responsive Care: Provides flexible funding to be there when urgent needs arise

Multiplied Impact: Your presence reaches more children through continuous growth

Lasting Connection: Your commitment to being there endures for generations

Personal Fulfillment: Aligns your values with being there when it matters most

Inspire Others: Your example encourages others to be there too

Thank you for being there
when it matters most.

Thank you to our community of Guardians who have committed
